

ADOPT
A STORM
DRAIN

Community Fall Campaign

Sponsored by Rice Lake Area Association (RLAA)

Embrace the change of the season by adopting a drain this fall! Be the guardian of your local waterways, ensuring they stay pristine and pollution-free. Clear drains mean cleaner lakes. Join us in this vital mission for a cleaner, greener community. Let's make a splash together!

Safety first

There could be something sharp or otherwise harmful near the drain, so wear work gloves to protect your hands and be careful when picking up leaves and trash. You might want to use a trash grabber to collect debris. Work with a friend, set up orange cones, or wear reflective clothing to make sure you are visible to cars. Do not stand or crouch on busy streets.
